

# INTERIOR DESIGN WEBSITE

## MODULES

### **Client Login and Sign in Area:**

Secure client login area for project updates, communication, and document sharing.

Collaboration tools for real-time discussions.

### **Portfolio Showcase:**

High-quality image galleries showcasing completed interior design projects.

Before-and-after sliders to highlight transformations.

### **Project Details:**

Individual project pages with detailed descriptions of the design concept, challenges, and solutions.

List of materials, furniture, and decor used in each project.

### **Services Page:**

Clear descriptions of interior design services offered.

Information on consultation processes, project timelines, and pricing.

### **Designer Bios:**

Profiles for each designer, including their background, expertise, and a portfolio of their work.

Contact information for each designer.

### **Testimonials and Reviews:**

Client testimonials and reviews to build trust and credibility.

Integration with third-party review platforms or a dedicated review section.

### **Blog or Design Journal:**

Regularly updated blog with design tips, trends, and behind-the-scenes insights.

Categories for easy navigation.

### **Contact Form:**

User-friendly contact form for potential clients to inquire about services.

Option for attaching images or project details.

**Social Media Integration:**

Links to social media profiles to encourage visitors to follow and engage on other platforms.

Social sharing buttons for easy content sharing.

**Payment:**

User can do their payment after finalising the designs and all their needs
